Pheraah gained the  
throne as a boy & ruled  
90 years as the state  
crumbled around  
him

2250 BC

History's third literate civilization appeared in the Indus valley, to which it remained confined.

It is called after either of the only two large towns discovered so far, MOHENJO-DARO and HARAPPA.

2250 BC

Fall of the dynasty of Sargon

2250 B.C.

The Egyptian decline (from pyramid building) was a matter of gradual internal decay.

The political unity was lost, and thereafter separate dynasties ruled in Memphis (dynasty 7), COPTOS & ABYDOOS (Dyn. 8) & Heracleopolis (Dyn. 9)

2250BC

People (OLMEC) were planting  
corn in the LA VENTA region

2250 BC

Each of the valley systems  
probably contained about  $\frac{3}{4}$  million  
people

Egypt

Tigris Euphrates

INDUS

The towns had a population in  
the 10,000 → 15,000 range

MEMPHIS; HERACLEOPOLIS; ABYDOS

COPTOS,

KISH, SUSA, LAGASH, UMM A, ERECH,  
UR.

HARAPPA, MOHENJO-DARO
